Alexey Pozharov

Software Engineer

I am a software engineer specializing in web-frontend with 17 years of experience. Built web apps with HTML, CSS, JavaScript, TypeScript, VueJS, React, WebComponents, web maps and text editors.

I worked on technically challenging products, exploring limits of what web-platform can deliver.

Experience

February 2025 – June 2026

Emfy

Senior Frontend developer

Publisher interface for Substack-like publishing platform. Worked with WebComponents through Lit.js, ProseMirror, React, Node and Rust on backend.

July 2017 – September 2024

Interfax

Senior Frontend developer / Team Lead

Developing from scratch system for monitoring, writing and editing news based on VueJS and ProseMirror, leading small team of developers.

January 2016 – April 2017

Handymap

Senior Frontend developer / Team Lead

I've developed from scratch webapp for data processing and visualization on geographical map, based on Vue.js and MapboxGL.

August 2014 – October 2015

Toprater

Frontend developer

Working on hotel ratings and reviews interface of Toprater.com using AngularJS and FlightJS.

August 2009 – August 2013

Init web studio

Frontend developer

Worked on variuos client's projects with in-house CMS based on Django.

Open Source

VueMapbox

Integration for Vue.js and MapboxGL JS library for using Mapbox features as Vue components and promisify MapboxGL API.
